

BUILDING OUR FUTURE IN MICHIGAN

USG Corporation is working with the Michigan Department of Natural Resources to develop our current quarry operation in Alabaster. The quarry will provide a reliable supply of gypsum rock for manufacturing operations across the area and continue our 119-year investment in Alabaster Township and Michigan's businesses and people.

OUR HISTORY

We're a leading manufacturer of building products and innovative solutions, with more than 50 locations and 6,900 employees. In fact, we're one of Michigan's oldest partners in the extractive industry.

1837

Gypsum is first discovered in the area, earning it the name "Alabaster."

1917

USG releases Sheetrock® wallboard, the first modern drywall, known around the world today.

2017

USG is named a Top Workplace by the *Detroit Free Press* for the fourth year in a row.

1902

The Alabaster Company becomes a founding member of United States Gypsum Company, now part of USG Corporation.

1928

The plant is expanded with a larger quarry and offshore storage.

2012

The Sunrise Side Bike Path crosses 72 acres of USG property, granted as an easement to the community.

BUILDING OUR WORLD

Our products are all around you, and we're an important part of homes, offices, schools, hospitals and all the spaces where we live, work and play. You probably recognize our popular brand names – products like **Sheetrock® drywall** and **Durock® cement board**.

Our products helped build One World Trade Center in New York City, the tallest building in the U.S. and a tribute to our resiliency.

You can find our products at the Daytona International Speedway®, an American icon of entertainment and achievement.

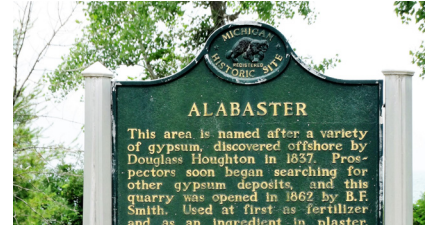

USG products are helping create stronger athletes at the Olympic Training Center in Colorado Springs.

DID YOU KNOW? Gypsum is also used in cement, plaster, agriculture and even food.

OUR FUTURE IN MICHIGAN

We are seeking a permit to develop 600 acres of land purchased from the state of Michigan in 2018 to expand our quarry operations.

- » Ensured investment in Alabaster and Michigan for years to come
- » Continued supply of critically needed gypsum at major area manufacturers and across the state
- » Contribute to the economic recovery from the pandemic, providing building supplies to a booming construction market

OUR CITIZENSHIP COMMITMENT

6 Top Workplace awards from the *Detroit Free Press*

17 years of safe work in Alabaster, including no lost-time injuries

Partnerships with Habitat for Humanity, the American Red Cross, United Way, Huron Pines, the Tawas City Fire Department and the Iosco County Historical Museum
